

Marketplace at the 29th Galway Film Fair

11th & 12th July 2025

A unique opportunity to meet with the world's leading financiers in an intimate and informal atmosphere, fostering the discovery of new talent and building long-term partnerships.

The Marketplace at the **Galway Film Fair** runs alongside the **Galway Film Fleadh (8th – 13th July)**, offering **pre-scheduled one-on-one meetings** between filmmakers and key industry figures, including:

- **Film Financiers & Investors**
- **Distributors & Sales Agents**
- **Broadcasters & Film Funds**
- **Major Producers & Film Festivals**

Selected producers with feature films or documentary projects will have a unique chance to pitch to these industry leaders, opening doors to funding, distribution, and co-production opportunities.

The Marketplace's unique selling points:

- **Transatlantic Bridge** – Connecting European and North American film industries for cross-border collaborations.
- **Direct Access to the World's Leading Financiers** - Meet the **decision-makers** who shape international film financing.
- **Showcasing New Talent** – Presenting the best in emerging European and international cinema to buyers and festival programmers.

The **Galway Film Fair** also hosts **conferences, seminars, masterclasses, and industry networking events**, making it a **key hub** for global film professionals.

Testimonials:

*"The Fleadh has become an important International co-production hub. That is one reason why Galway's co-production market, the Film Fair, has become such a key networking event" - **Screen International***

*"I attend the Fleadh regularly because I'm always finding a new filmmaker, project or producer that shows real promise to deliver on the international stage. It's an extraordinarily useful, efficient platform to help identify what's coming down the road and it's a bridge for us to the greater European film community, especially those talents who have yet to be recognised." – **Eamonn Bowles, Magnolia Pictures***
